

St. Paul Early Start Program

Beginning the educational journey through socialization and learning fun.

Our program nurtures the developmental needs of two-year-old children by introducing toddlers to a classroom environment while incorporating socialization in a fun, age-appropriate manner with an emphasis on Christian values.

We offer a variety of learning and play activities focused on the development of fine and gross motor skills, listening, and creative thinking in a safe learning environment.

By coordination with the preschool and pre-k teachers, our early start curriculum gives your child a head start on their education.

Early Start accommodates children who are not yet potty trained—asking that you provide a change of clothes, diapers, and wipes in your child’s backpack each day.

Early Start Program Options:

- **Two-Day (M/W)** 9:00 a.m.—11:30 a.m.
- **Two-Day (T/TH)** 9:00 a.m.—11:30 a.m.

To schedule a tour or to learn about enrollment give us a call today!

An Early Start day for your child will look like this:

Welcome and Free Play

- Children arrive and get settled into a fun activity

Playground or Gym

- Cooperation, sharing, and taking turns

Circle Time

- Songs and games, learning, stories, daily devotional, and prayer

Snack Time

- Educational toys, craft projects, and color and shape exploration

Learning Stations

- Educational toys, craft projects, and color and shape exploration

Say Goodbye

- Clean-up and get ready to go home

About St. Paul Lutheran School

St. Paul Lutheran School is a place where community, faith, and learning combine to create an uncommon education.

Students are given the opportunity to incorporate faith into their academic experience. Growing up at St. Paul means that students will receive an education formed by engaging curriculum, service projects, musical instruction, athletics, and spiritual formation.

Begin your child's journey in our Early Start program today!
